

Bee Gees, Weekend

Hello , I'm down
Take me for this weekend
I'm your to borrow , tomorrow good friend
And while I'm away
All my love I'll send
And thank you every Thursday for this weekend

Hello sunrise , I must see your eyes
Still I will shout
But they're bound to find me out

Hello , I'm down
Take me for this weekend
I'm yours to borrow , tomorrow good friend
And I'm your to borrow , tomorrow good friend
