

# Bee Gees, You And I

All the man I am  
You are the reason for me  
You help me understand  
I'll be your shelter from the rain that never ends  
Girl , you've always got a friend in me

All the love we had  
I should've know our love was older than the past  
Throwing my life away on songs I never heard  
Just the speaking of a single word  
I made you die inside but you loved me

And don't believe the world  
No, the world can't give us paradise  
When you make your love to me  
Till I just could not see the light  
As long as I got you

As long as you got me  
As long as we got you and I

I won't let you down  
No better love will be there when you turn around  
I'll be living for you till the ocean turns to sand  
There will never be any man  
Could love you just the way that I love you

So don't believe the world  
No, the world can't give up paradise  
In the eye within the storm  
Just when I could not make it through the night  
As long as I got you  
As long as you got me  
As long as we got you and I
