

# Before You Breathe, All I Ever Needed

All I ever wanted is right there before me  
All I ever needed is more of You  
All You ever ask for is love and forgiveness  
All I ever needed is waiting there for me  
I lift up my voice and call upon You  
To heal my heart  
I lift up my hands and reach out to You  
Lord break this heart

All I ever longed for is right there before me  
All I've ever dreamed of is found in You  
All You ever ask for is love and forgiveness  
All I ever needed is waiting there for me  
All I ever wanted is right there before me  
You're all I ever needed
