

# BeFour, Cherry Babe

Im confused, cause all my dreams are gone,  
Seems that now theyre melt away  
Memories wake me up in the night  
They remind me about yesterday  
I dont know what is left  
I dont know if I feel  
Any regrets the story is over  
It was not just a dream  
Used to get up and fly  
And I never will forget you  
Na, na, na na na cherry babe no sorries  
No, no no no tears only lovely memories  
Na,na,na,na, na cherry babe remember  
Who knows maybe one day will love again in Paradise  
The story used to be full of happiness  
We were dreaming day and night  
No one knows why this love is gone  
Why we have to say goodbye  
I dont know what is left  
I dont know if I feel  
Any regrets the story is over  
It was not just a dream  
Used to get up and fly  
And I never will forget you  
Na, na, na na na cherry babe no sorries  
No, no no no tears only lovely memories  
Na,na,na,na, na cherry babe remember  
Who knows maybe one day will love again in Paradise
