

# Behemoth, Ov Fire And The Void

I the Sun ov man  
the offspring ov the stellar race  
my halo fallen and crushed upon the earth  
that I may bring balance to this world

I son ov perdition  
from sheer nothingness transgressed  
unto the highest self - to utmost freedom  
to explore the starry nature ov my rage

I pulse ov existence  
the law ov nature undenied  
I hold the torch ov Heraclites  
so I can shake the earth and move the suns

I divine Iconoclast  
injecting chaos into my veins  
with life accepted  
with pain resurrected  
is the embrace ov god in man profound

the joy ov a dawn  
the ecstasy ov dusk  
nourished have I this karmic flow  
where great above meets great below  
let it be written!  
let it be done!  
scattered I walk towards the fractured light
