

Behind Crimson Eyes, This Is The End

[Verse 1:]

Night falls into a silent scream.
It's empty except the words we left behind.

[Pre-Chorus 1:]

This is the end,
And now that I'm here I don't fear this place at all.

[Chorus x2:]

Tell me that It'll be alright.
The broken glass kills the hurt inside
I can't stay (as I turn to shadows)
With all my pain.

[Verse 2:]

Cut me,
with looks of penetrating
nightmares dripping with hope we left behind.

[Pre-Chorus 2:]

This is the end.
And now that I'm here I can't help but feel so scared.

[Bridge:]

Choke me,
with words of regret I
will die before I leave tonight.
I shape these plastic memories.
Inside for fear or falling into this.
