

# Bell Book and Candle, Bliss in my tears

Once there was a time  
when all seemed strange and cold  
out the dark,saw the day  
you`re a danger to them all  
watch out  
I guess nothing will trust them from their goal  
now I`m crying  
but there`s no fear to die with you  
hold my face in your habds  
and see it!-the bliss in my tears  
but maybe  
we get the chance to save  
the love,we found in our hearts  
and refrain the bliss in my tears  
so in fear you`re coming nearer  
they abused you-and I felt  
it was hurtful to you  
look at me- you should be patient too  
forgive them  
cause they will never know  
now Im crying...
