

Bell Book & Candle, Rescue Me (Let Your Amaze

Yeah, I wanna have the time
And I wanna see you cry
I wanna feel your body
And I wanna get closer
Gotta rescue me, rescue me, rescue me
Let me have a good time
And I wanna see you laughin'
And I wanna feel rain
I wanna get inside you
And I wanna feel pain
You gotta rescue me, rescue me, rescue me
Let me have a good time
And I wanna feel you movin'
And I wanna feel good
I wanna feel your love for sure
Let your, let your, let your amazement grow
Let your, let your, let your amazement grow
Oh, whatever you do, I can't leave you
Don't ever let me go, don't ever let me go
Yeah, I wanna be hungry
And I wanna ask why
I wanna be dreaming
And I wanna satisfy

You gotta rescue me, rescue me, rescue me
Let me have a good time
And I wanna be loved
And I wanna be high
I wanna feel you touch me
And I wanna hear you sigh
You gotta rescue me, rescue me, rescue me
Let me have a good time
And I wanna feel you movin'
And I wanna feel good
I wanna feel your love for sure
Let your, let your, let your amazement grow
Let your, let your, let your amazement grow
Oh, whatever you do, I can't leave you
Don't ever let me go, don't ever let me go
Let your, let your, let your
Let your, let your, let your
Let your, let your, let your amazement grow
Let your, let your, let your amazement grow
Oh, whatever you do, I can't leave you
Don't ever let me go, don't ever let me go
