Belle And Sebastian, Seymour Stein

Seymour Stein- I've been lonely I caught a glimpse of someones face It was mine and I'd been crying

Half a world away Ticket for a plane Record company man I won't be coming to dinner

My thoughts are far away I'm working on that day North Country girl 1 think she's going to stay

Promises of fame, promises of fortune LA to New York- San Francisco back to Boston Has he ever seen Dundee? Won't he hire a limousine? Seymour bring her back to me

I heard dinner went well You liked Chris's jacket He reminded you of Johnny Before he went Electronic

Seymour Stein- sorry I missed you Have a nice flight home It's a good day for flying
