Get You Out Of My Mind

Thanks to Lela Chisholm for these lyrics.

It was the last time we met  
I really try to forget  
Though I knew it all along  
I felt so sure I was that strong  
But no

It all happened so quick  
There was no way to control it  
What am I supposed to do?  
Now that I'm in love with you  
My love

I must face this fact  
I won't take this fight  
I got to leave it all behind

I wish that I could get you out of my mind  
I want to take away the pain that I'm feeling within  
Every word you said came a minute too late  
Now I know you're gone  
And it feels so wrong  
I got to get you out of my mind

I guess it's all up to you  
There's nothing I'm going to do  
I'm dreaming about you night and day  
Should I just let it fade away

Got to face the fact  
I must do what's right  
I could tell you  
But it wouldn't be fair

Chorus

You just came into my world  
I just opened the door  
How could I be such a fool  
Now all I think about is you

Chorus x 2
