i hear you taking the town again
having a good time
with all your good time friends
i dont think that youd think of me
your own your own now
and im alone and free
i know that i should get on with my life
but a life live without you could never be right

chorus

as long as the star shine down from the heaven
long as the rivers run to the sea
ill never get over you getting over me

i try to smile so the hurt wont show
tell evrybody i was glad to see you go
but the tears just wont go away
loneliness found me
looks like its here to stay
i know i ought find someone new but all i find is my self
always thinking of you

chorus

oh,no matter what i do its just a lifetime to feel through
i cant go on like this i need your touch
your the only one i ever love...
and

chorus

ill never get over you gettin over me...
ill never get over you...gettin over
ill never get over you gettin over me.....
