

Belly, Dusted

Baby's playing dead in cellar
Gave her water just got paler
Grass stains, backburns, she's a screamer
She's just dusted, leave her
If you see her, don't upset her
Never seems to get much better
Grass stains, backburns, she's a screamer
She's just dusted leave her

Goes to your heart, sticks in your head
Baby's playing dead in cellar
Gave her water, she got paler
Grass stains, backburns, she's a screamer
She's just dusted, leave her
