

Belly, Ya Dunya

(feat. Massari)

(What Happend?)

(Its The R&B)

(Why Aren't We Ppl Lookin' Like The Same No More?)

[Intro: Massari]

Waynik Ya Dunya Wein?

Were Living Life In The Shadows

The Rain In The Clouds Wont Clear

Tryin To Survive This Battle

Waynik Ya Dunya Wein?

Y Do Our Dreams Get Shattered

Y Is There So Much Hate

Let Ppl Die Like It Don't Matter

Waynik Ya Dunya Wein?

Everybody Get Together

We Need The Truth Right Now

We Cant Take No More Pain

Keep Our Heads High I Gotta Try

To Make It Through Some How

Waynik Ya Dunya Wein?

We Cant Stand By And Watch

The Whole World Fall Right Now

And All We Do Is All For Change

Im Closin My Eyes Tryna Fade Away

[Belly:]

Wow

Im Tryin To Relax Here

I Feel Like The Worlds Fallin Off The Acces

We All Know Where Im From But The Fact Is

U Think U Saw A Saint In The Cactus

The World's Killers And Terrorists, Suicide Bombers

Its Almost Human Death Treats In Arabic

They'll Tell U About The Treasure In Ur Heredit (Its Beautiful)

We Got The Whole World Sharing With

The Rocks Got In The Pyramids, Egypt

Palestinian Soul, The Birth Place Of Jesus

(Lebanon)

The Accomplishments Of Phenicians

Most Prophital For These Regions

We Aint Try To Swallow My Prod But It Hurts Though

The Vicious Circle, Let The Earth, It Turns Slow

Sit Back And Let The Shishan Burn Slow

We Need Your Help, Ask Myself Where The World Go

[Massari:]

Waynik Ya Dunya Wein?

Everybody Get Together

We Need The Truth Right Now

We Cant Take No More Pain

Keep Our Heads High I Gotta Try

To Make It Through Somehow

Waynik Ya Dunya Wein?

We Cant Stand By And Watch

The Whole World Fall Right Now

And All We Do Is All For Change

Im Closin My Eyes Tryna Fade Away

[Belly:]

Why I Keep The Name, Left Home While I Keep The Thove

The Art Work Mean Peace And Love

Where Nobody Got No Love

Our Hearts Should Have Froze, Should Let Ppl In Cold Blood

We All Know How Freedom Should Taste

Coz There's 2 Ppl Of Faith

The Consequences Are The Leader's Mistakes

We're Not Evil, We R Ppl Of Brace

Don't Preach Us, We Speak The Truth
So Ppl Will Relache ...;
How Many Decades Were Taught For Racism To Fade
And Now U're Gonna Change The Books
Now I Need Permission Any Where I Lay My Foot
Until Regained It On The Bases, Its The Way I Look.
I Don't Gotta Be A Psychic
(We Invented Zero)
Now U Wanna Treat Us Like It
Algebra To Science And The Stalls Is Priceless
We Helped Invent Life
How They Got Us Feel Unlifeless
[Massari:]
Waynik Ya Dunya Wein?
(Waynik Ya Dunya)
Everybody Get Together
We Need The Truth Right Now
We Cant Take No More Pain
(No No No No No More Pain)
Keep Our Heads High I Gotta Try
To Make It Through Somehow
Waynik Ya Dunya Wein?
We Cant Stand By And Watch
The Whole World Fall Right Now
And All We Do Is All For Change
Im Closin My Eyes Tryna Fade Away
