

Ben Folds Five, Leather Jacket

Had a dream that you were in
a leather jacket that didn't fit
until we split in two

mmmmmmm
mmmmmmm
mmmmmmmm
mmmmmmm
mmmmmm
mmmmmmmm

half of you turned into quilt
and half of me lashed onto you
under the summer moon

i bought a leather jacket
we were so indicisive
we hadn't really thought it through
because we were so in love
and things like that don't happen
and things like that don't slip away

but sometimes they do...
