

# Ben Harper, Click Yo' Heels

Come on baby click yo' heels  
Let me know our love is real  
Cause we're a long way from anywhere  
But I can really feel it

I've been up, I've been down  
I've been tossed all around  
But I always seem to come down on my feet

So don't think I'm crazy if I wanna sing  
'bout the good things life has in store

Cause we're a long way from anywhere  
But I can really feel it  
A long way from anywhere

Come on babe let down your hair  
Let me know you really care  
Cause we're a long way from anywhere  
But I'm ready for your dare

I remember a man in an upstate town  
Said, "you can't get there from here"  
We all took it as a joke but it held like smoke  
Now it's ringing in both my ears

I look up babe see the sky is rollin'  
Time has come to carry on

Cause we're a long way from anywhere  
But I can really feel it  
We're a long way from any town  
But I think we'll come around  
I really feel alright  
I really feel alright  
Cause we're a long way from anywhere  
Tonight
