

Ben Harper, Fly One Time

So fly, just fly, just fly one time
I see you so clearly, so clearly
I'm so high
I see you up so clearly, up so clearly
Up so high, so high
Now you're caught in between
What you can't leave behind
And what you may
What we may never find
So fly, so fly, one time
So clearly, so clearly, so high
Fly one time, just fly one time
If you fly one, one time
