

# Ben Harper, The Will To Live

I met a girl whose heart  
was on the right hand side  
and upon the left  
an angel did reside  
they told her mother  
that she never would survive  
but she kept the rhythm  
and is still alive  
We must all have  
the will to live  
you got to have  
the will to live  
Then I met a man  
who had to walk with his hands  
born into a world  
he couldn't stand  
blessed with life  
but cursed as a man  
still he walks taller  
than most of us can  
We must all have  
the will to live  
you got to have  
the will to live  
Some are born with more  
and some born with less  
so don't take for granted  
the life we've been blessed  
it's hard to understand  
that we're only a guest  
and each one of us  
shall be put to life's test  
We must all have  
the will to live  
you got to have  
the will to live
