

Ben Kweller, I Gotta Move

Chorus:

I gotta move,
while the streets ahead are sunny
fall in love with some honey.
oohh mama, I gotta move.

Verse 1:

I just can't sit still,
In this small town,
there's nothin more here I hit the ceiling,
So in the morning I'll hit the highway.
oohh, I just can't stay

Chorus:

I gotta move,
while the streets ahead are sunny
fall in love with some honey.
oohh mama, I gotta move.

Verse 2:

it's time I broke out into the open,
you know I'll settle down again some day,
I need some new land, and form a rock band.
oohh, I just can't stay.

Chorus:

I gotta move,
while the streets ahead are sunny,
fall in love with some honey.
oohh mama, I gotta move.

Bridge:

and when you wake up and I'm not around you,
my eyes will be racing into the sun, I run, yeah I run,
and all the people start to bring me down yeah,
I need new atmosphere to pick me up,
roxxane, understand?, yeah, yeah, yeah,
oohh, I'm on my way.

Chorus:

I gotta move,
while the streets ahead are sunny,
fall in love with some honey.
oohh mama, I gotta move.

Outro:

whoa, I gotta move,
while my future's bright and sunny,
make some noise and make some money,
oohh mama, I gotta move.

whoa, I gotta move,
whoa, I gotta move,
whoa, I gotta move,
oohh mama,
I gotta move
