

Ben Lee, Get Your Sleep

I know you feel pretty beat
You're wanting to sleep
I know your eyes getting sore
You've been up since three
The time's come to sleep

If you wanna crash out
So if you wanna crash out

Don't feel I'm keeping you up
I know you're near dead
I won't be waking you up
That's best left unsaid
The time's come to sleep

So if you wanna crash out
So if you wanna crash out
I'll let you sleep
If you wanna crash out I'll let you be
If you wanna crash out I'll let you be

If you wanna crash out...
