

Ben Lee, My Guitar

Well I know it's real uncool to say
You don't need an amp to blow me away
Don't need to turn up, plug in, or go very far
Just strum a chord on my guitar

Well my guitar is love
And my guitar's all I need
And my guitar's so special
Cause it plays the songs - not me

Well I can take my guitar to the beach
And strum out a pop masterpiece
I work out my favourite songs
I can do it myself or play along

Well my guitar is love
And my guitar's all I need
And my guitar's so special
Cause it plays the songs - not me

And I don't know what would happen
If I lost my guitar
I'd never find another one
Like the last one I adored
It's my guitar

And I guess that when shove comes to push
An acoustic guitar doesn't mean you're a wuss
And when I'm sick of hearing noise
I sit right down with one 'my favorite toys

Well my guitar is love
And my guitar's all I need
And my guitar's so special
Cause it plays the songs - not me
It's my guitar
