

Ben Westbeech, So Good Today

I feel so good today
even though I can't find my way
Your heart's been keeping you away
Don't be afraid cause I know that
Oh, soon there'll come a day
when you will turn around and say
my heart's in such a lonely place
gotta tell you now I'm feeling
I feel so good today
But what about tomorrow?
Come on
I feel so good today
even though I can't find my way
Your heart's been keeping you away
Don't be afraid cause I know that
Oh, soon there'll come a day
when you will turn around and say
my heart's in such a lonely place
gotta tell you now I'm feeling
I feel so good today
But what about to-mor-row?
Tomorrow's come for me
But it's infinity I see
My heart's been watching over me
Gotta listen up cause I know that
that this is not a game
Oh, how i've tried to explain
my feelings can't remain the same
Gotta sort it out cause I'm older
Tomorrow comes again
Life
My feelings still remain the same
Gotta twist one up and roll over
(That's better)
