

Beneath The Sky, A Grave Mistake

She says, "I wouldn't understand"
She screams, "You don't know what it's like
To cut yourself to live again
To pop some pills to love again"
Sure, I've tried
But now
She wakes up crying in her bed all alone
She wakes to find herself
She wakes up crying in her bed all alone
She wakes to find herself to be all alone
I'll take your fucking name
All the way to the goddamn grave
'Til death do we part
Sometimes we've got to fall
Learn to stand
Sometimes we've got to fall
Just to learn to love ourselves again
There's more to life than just this
It was never suppose to be this way
But I still fall for you
It was never suppose to be this way
How I still fall for you?
How I still fall for you?
Bury the past
There's more to life than just this
