Benett, Marry Me

chorus......
marry me my lord
carry me my lord
although I walk beside him every day
i'm often turned the other way
on my knees he rescues me I always find him hard to see
(chs)
thru the wind your voices sing
love yourself and set him free
guide me lord to where i'll be
send me one who will marry me
I need your strength, I need to pray
I need salvation here today
there's something words will never say
please save me from this mess i've made
(chs)
