

Benjamin Gate, Lift Me Up

Seeing thru a hole in time
Looking at this world of mine
All the words we've had to say
All the dreams to light the way
It's been fine though we've been apart
But it's only just begun
Far away from home
But baby i'm not alone
Lift me up
Turn me around
I'm gonna get my feet off the ground
Lift me up
Turn me around (turn, turn, turn, turn) (2x)
Sunrises in black and blue
Sunsets say i love you, too
You said i had strength to stand my ground,
Said i had wings to fly
Far away from home
But baby i'm not alone
Lift me up
Turn me around
I'm gonna get my feet off the ground
Lift me up
Turn me around (turn, turn, turn, turn) (2x)
And everyday away hurts a little more (hurts a little more)
But everyday away is easy to ignore
Lift me up
Turn me around
I'm gonna get my feet off the ground
Lift me up
Turn me around (turn, turn, turn, turn) (2x)
