

Benjamin Kim, As Time Goes On And On

Your sweet soft lips
On every little kiss
I will always miss
Your loving tenderness.
I can't deny
All the times that I lied
To keep you by my side
So that we never cried.

Forever...
As time goes on and on.
I want you to know it'll get even better,
As time goes on and on.
Life will fulfill our fantasies,
As time goes on and on.
It'll make our lives easier,
As time goes on and on...

Your silk smooth hair
With your never care
Loved it when you stared
That's something we both shared.
You take my breath away
With every word you say
I looked at every day
Hoping that you will stay.

Forever...
As time goes on and on.
I want you to know it'll get even better,
As time goes on and on.
Life will fulfill our fantasies,
As time goes on and on.
It'll make our lives easier,
As time goes on and on...

As time, goes on, and on, and on...
As time, goes on, and on, and on...
As time, goes on, and on, and on...
Forever...

As time goes on and on.
I want you to know it'll get even better,
As time goes on and on.
Life will fulfill our fantasies,
As time goes on and on.
It'll make our lives easier,
As time goes on and on...

Forever...
As time goes on and on.
I want you to know it'll get even better,
As time goes on and on.
Life will fulfill our fantasies,
As time goes on and on.
It'll make our lives easier,
As time goes on and on...

As time goes on and on...
