

Benjamin Kim, (I'm Sorry) For What I've Done

All I did was stared out to your window,
While I was hoping you would come back out.
After the times when I kept waiting for you,
The only thing it did was make me blue.
Seeing life pass right on by,
Over me to the other guys,
That were more sensible, capable,
Of being the one for you...

I'm sorry, that I was not there,
I'm sorry, for that I did not care.
I'm sorry, that I did not ask,
For you to hold my hand...
I'm sorry, because I never asked why,
I'm sorry, that I told you those lies.
I'm sorry, for all these things,
But I guess they don't matter now...

I remember when we first had met
On that day where I won't ever forget,
Your silk smooth hair and beautiful smile
That I saw on you if I was away a mile.
Or those pretty eyes on your cute little face
That I had the soul for me to embrace,
I'll never forget, the last time I saw
You alone and that was all...

I'm sorry, that I was not there,
I'm sorry, for that I did not care.
I'm sorry, that I did not ask,
For you to hold my hand...
I'm sorry, because I never asked why,
I'm sorry, that I told you those lies.
I'm sorry, for all these things,
But I guess they don't matter now...

You know I can't turn back the times
When you were in my life.
I'm sorry girl,
I apologize,
Can you please come back this time...

I'm sorry, that I was not there,
I'm sorry, for that I did not care.
I'm sorry, that I did not ask,
For you to hold my hand...
I'm sorry, because I never asked why,
I'm sorry, that I told you those lies.
I'm sorry, for all these things,
But I guess they don't matter now...

I'm sorry, that I was not there,
I'm sorry, for that I did not care.
I'm sorry, that I did not ask,
For you to hold my hand...
I'm sorry, because I never asked why,
I'm sorry, that I told you those lies.
I'm sorry, for all these things,
But I guess they don't matter now...
