

# Benjamin Kim, (I Need You Back) Here With Me

Tell me why life must go on.  
Without having you anymore.  
Why is it that you have to go.  
Just give me a reason that I don't know...

I need you back, here with me.  
I cannot go and make you leave.  
It's cuz I'd miss you so,  
I gotta let you know,  
That you're my favorite girl  
In this world...

Oooh girl, I love your soul,  
I'd never be too good without it.  
Your touch is so soft to me,  
Your scent is still apart of me,  
I cannot let you go...  
Your love is so tender,  
I might as well tell her,  
That she's the one for me...

I need you back, here with me.  
I cannot go and make you leave.  
It's cuz I'd miss you so,  
I gotta let you know,  
That you're my favorite girl  
In this world...

Looking for you, I'd be searching for you (so much babe),  
You need to come back to me (oh yes you do).  
Without you babe,  
My life is blue,  
That's why I need you by my side...

I need you back, here with me.  
I cannot go and make you leave.  
It's cuz I'd miss you so,  
I gotta let you know,  
That you're my favorite girl  
In this world...

It's cuz I'd miss you so,  
I gotta let you know,  
That you're my favorite girl...  
In this world...
