

Benjamin Kim, I Remember

Remember the days when we saw each other,
All those times when we were together,
Walking and talking towards one another,
I most remember when they lasted forever.

Oooh, I remember.
Oooh, you were so tender.
Oooh, I remember.
Oooh, I was your lover...

I remember word for word, all those things you said to me,
Never forget the fact that you and I were meant to be.
Oh I cannot get enough, all those times you gave me love,
I'll always keep in mind that I will keep you right above me...

Remember when we slept throughout the days,
Then we would go out far and away,
I sure remember when we weren't together,
I'd always sit and write you these letters.

Oooh, I remember.
Oooh, you were so tender.
Oooh, I remember.
Oooh, I was your lover...

I remember word for word, all those things you said to me,
Never forget the fact that you and I were meant to be.
Oh I cannot get enough, all those times you gave me love,
I'll always keep in mind that I will keep you right above me...

I remember word for word, all those things you said to me,
Never forget the fact that you and I were meant to be.
Oh I cannot get enough, all those times you gave me love,
I'll always keep in mind that I will keep you right above me...

Oooh, I remember.
Oooh, you were so tender.
Oooh, I remember.
Oooh, I was your lover...
