

Benjamin Kim, Make Me Believe (Raindrops Song)

Just make me stop,
Just make them stop.
Just make me stop,
Just make them stop.

Tears falling down
Never knew how they they'd come around.
Oooh baby I cannot say,
You're the one that I must blame....
I ended up waiting next to my phone,
Tried to see if you were gonna call,
If you know how I really am,
I waited for you all night long...

My baby don't even know
How much I put my life into her soul.
God why is it gotta be
Why can't you set me free.
Damn just stop playing me
And try to make me believe.
Please stop making all of these, raindrops falling down.

Just make me stop...
Just make them stop...
I cannot stop,
Oooh, just make them stop.

Why's life threatning me this way
Either way I go end up crying all day.
You know I can't make it that far
Unless I get the keys to her heart...
You know it'll never happen like that,
Thinking about her makes me upset.
But not like the first time we had met, girl...

My baby don't even know
How much I put my life into her soul.
God why is it gotta be
Why can't you set me free.
Damn just stop playing me
And try to make me believe.
Please stop making all of these, raindrops falling down.

Just make me stop...
Just make them stop...
I cannot stop,
Oooh, just make them stop.

I know...
Life's never gonna be the same.
This thing called love...
They like to call it a game.
Sad thing is I can't go back,
To how it was unless if I want her bad.
Thinking back on it how stupid of me,
All they tell me is to just believe...

Ohhh... Just make me stop.
Ohhh... Just make them stop.
Ohhh... I cannot stop.
Ohhh... Just make me stop.
Ohhh... Just make them stop.
Ohhh... I cannot stop.
Damn, just make them stop.

My baby don't even know
How much I put my life into her soul.
God why is it gotta be
Why can't you set me free.
Damn just stop playing me
And try to make me believe.
Please stop making all of these, raindrops falling down.

Just make me stop...
Just make them stop...
I cannot stop,
Oooh, just make them stop.
