==English Translation==

I want to dig a hole
I want to dig a big hole somewhere in the countryside
I'm going to make a big pile of dirt
how big no one knows

I'm going to fill up the townriver
and make a townlake
I have a boat and I have oars
I have oars and I have a boat
I have a boat and I have oars
I have oars and I have a boat

I have a boat and I have oars
I have oars and I have a boat
I have a boat and I have oars
I have oars and I have a boat
