

Benni Hemm Hemm, The Doomed The Damned

Deep down here, in the dark
a demon lays with a smile and devil eyes

In the wall underground
between the ears and under fingernails

The doomed the damned, the dark and dead
lay down your swords and close your eyes

Staying straight
turning point
takeover
crisis, handles the gamesmen
nightfall h-hour

Island X
the prisoner
the ride, the turf
close encounters, the screw
options
the doomed, the damned
