

Benson Boone, Be Someone

Didn't know how much
I would love Santa Barbara
Never driven up
But I know that it's gotta be so beautiful
That's where you were born

Long brown hair
That your mom doesn't like
You got a moon tattoo that you don't even hide
You're so unusual
Haven't met someone like you before

Wanna be that guy
That's making it hard for you
To sleep at night
I want you to call me when it's getting late
You could tell me anything

From time to time
You give me the smallest look
Behind your eyes
And baby It's almost like you need someone
I promise I can be someone

From night to night
It's taking you longer when you
Say goodbye
And baby it's almost like you need someone
I promise I can be someone

I've been carried away
Trying to get inside your brain
And what do you know
Do you live alone
And do you pray?

And do you believe
There is a life
Where it's just you and me and I?
We don't need to wait
We don't need a sign
It's only you and me and I

From time to time
You give me the smallest look
Behind your eyes
And baby it's almost like you need someone
I promise I can be someone...

From time to time
You give me the smallest look
Behind your eyes
And baby it's almost like you need someone
I promise I can be someone

From night to night
It's taking you longer when you
Say goodbye
And baby It's almost like you need someone
I promise I can be someone

someone to have
someone to hold
somewhere to go when nights get cold

somebody to love
somebody to be
someone to sweep you off your feet
someone to have
someone to hold
somewhere to go when nights get cold

somebody to love
somebody to be
someone to sweep you off your feet

THAT SOMEONE IS ME
THAT SOMEONE IS ME YEAH

From time to time
You give me the smallest look
Behind your eyes
And baby it's almost like you need someone
I promise I can be someone
