

Bent Not Broken, I'm Sorry

I have this problem and I just can't seem to solve it,
It has been a long time reoccurring thing,
But I try not to violate the things that you have set in place
I always end up falling on my face
And every time I am on the ground
I always end up coming back around

Chorus:

And I say "I am here to say I'm sorry once again
I am human and I'm bound to mess up now and then
And I want you to know that this comes from my heart
Cause I'm tired of being together but so apart"

No matter how many times I fall you'll always be there when I call
With outstretched arms taking me back in
As I try to correct things that cause me and you so much strain so nothing can hinder me and you
And every time I'm on the ground I always end up coming back around
(chorus)

Cause you are all I want
And you are all I need
Yes you are all I want
And you are all I need
(chorus)
