

Berlin, Dancing In Berlin

Stop, now let's go again
No, I don't want to be alone
Yes, it's a time for fun

Go, don't stop again
Dance, til the night is done
Look, it's a motion picture show

I want to see you
Dancing in Berlin

Dancing in Berlin
East, such a mystery
West, open history

You, just a moment flashing by
Look, see I'm just like you
Touch, and you'll feel the answer too
Hey, can't you see it's true
Fire, propaganda tricks

Reach, for your politics
Stop, just look at me again
Two, grant me just one wish

Please, there's no wall in front of you
One, there's no time for this
