

# Berlin, When Love Goes To War

I feel that I've lasted a long line of broken hearts  
You say it's over

I want to talk, I never thought I would fall apart  
But I still love you

Give me the time, I'll show you I'm not your enemy  
Let's end the cold war

One night is all that I ask  
I'm ready to fight 'cause I want you back  
A heart needs defending - When love goes to war  
There's no happy ending - When love goes to war

Tears in the night wash over eyes filled with memories  
Of your affection

Where do I stand I never planned on this misery  
I need protection

You walk away so easily from the battle grounds

Of my emotion

All's fair in passion and war  
But my disadvantage is I'm still in love  
A heart needs defending - When love goes to war  
There's no happy ending - When love goes to war  
A heart needs defending - When love goes to war

I don't want your sympathies  
Just give me what I ask  
If I appear to make demands  
It's only 'cause I want you back

All's fair in passion and war  
But my disadvantage is I'm still in love  
A heart needs defending - When love goes to war  
There's no happy ending - When love goes to war  
A heart needs defending - When love goes to war  
There's no happy ending - When love goes to war  
When love goes to war - There's no happy ending
