

# Berman, Best Regards

ten finger fist  
in a room that's full of silence  
in a world that cries to sleep  
i say goodnight  
as i rest beneath the sirens  
and i pray my soul to keep

coz tonight you'll feel everything  
tonight you won't sleep

so send my best regards  
to those who cry hollow tears tonight  
and send your softest words  
to those who have to live in years of night
