

# Bernard Butler, A Change Of Heart

A change of heart couldn't hurt nobody  
The way she goes around won't change your mind  
A change of heart couldn't hurt nobody  
The way she goes around won't make you smile  
I live in style but life gets me down  
And when a little high she climbed inside and said  
"Don't go changing, no don't change me  
Because it feels like comin' down"  
A change of luck couldn't hurt nobody  
The way she goes around won't change your mind  
A change of luck couldn't hurt nobody  
And when she goes down it might change your mind  
Well I live in style but life gets me down  
When a little high she climbed inside my head  
"Don't change me, no don't go changing me  
Because it feel like I'm comin' down"  
Oh yes it feels like I'm comin' down

A change of heart couldn't hurt nobody  
The way we go around won't change your mind  
It won't change your mind  
It won't change your mind  
It won't change your mind  
Won't change your mind  
It won't change your mind  
Won't change your mind  
Won't change your mind  
Won't change your mind  
Change your mind  
Change your mind  
So change your mind  
Change your mind  
Go on change your mind
