

Bertine Zetlitz, This Moment

She is pretty
You adore her
Drives you crazy, you adore her
Tough you like me, 'cos I'm clever
I can never be her

Like a candy
In the night time
Comes in handy in the night time
Though I'm good at telling stories
I can never be her

Let's make this moment last forever
As if we're really having fun
Let's make this moment last forever
I can pretend that I'm the one

She's got nothing
You adore her
Like a puppet, you adore her
Though you love my heavy breathing
I can never be her.

I keep calling
In the night time
I keep falling in the night time
Though I'm solving all your problems
I can never be her

Let's make this moment last forever
Like it's impossible to loose
Let's make this moment last forever
Though I don't really get to choose
