

# Beseech, Inhuman Desire

It slips away  
through my mind  
Reflections of the dead  
Eternal life, eternal lust  
With patience we must die  
I turn away from this world  
to enter the twilight zone  
Lightyears away in a faraway land  
Unholy love will die in my hand  
As the silence fills my head  
My prayer will wake it up from the dead  
Cold and lonely in another time  
Make me realize, what I should do  
I walk through the dead in search of life  
I will be there  
I will be with you  
I fell away  
In a dark dimension  
It opened up it's secret to me  
Now I'm aware of the evil inside of me  
And now I'm aware of what I can be  
It felt so great  
to fall in the dark  
It made me feel  
the one I should be  
It felt so great  
to open my heart this way  
It made me see  
what evil's about  
Cold and lonely  
in another time  
Made me realize  
what I should do  
I walk through the dead in search of life  
I will be there  
I will be with you
