## Best Coast, Fear Of My Identity

The nights are getting longer
The pain is getting stronger
But I know
The hate is getting darker
And the fear is growing larger
But I know

You taught me that I would grow old You taught me that my heart would grow old

Last thirty seconds I watch you go all alone All alone, all alone

The nights are getting longer The pain is getting stronger But I know The hate is getting darker And the fear is growing larger But I know

You taught me that I would grow old You taught me that my heart would grow old

The fear of my identity standing right in front of me I want to run but I can't see I want to scream but I can't speak I wanted to be you but I know it's me
