## Beth Hart, Leave The Light On

I seen myself with a dirty face, I cut my luck with a dirty ace I leave the light on, I leave that light on I went from zero to minus ten I drank your wine then I stole your man I leave the light on, I leave that light on.

Daddy ain't that bad he just plays rough I ain't that scarred when I'm covered up I leave the light on, I leave that light on Little girl hiding underneath the bed was it something I did Must be something I said I leave the light on, better leave the light on.

I wanna love I wanna live I don't know much about it I never did

17 and I'm all messed up inside
I cut myself just to feel alive
I leave the light on,
I leave that light on
21 on the run,on the run,on the run,
from myself, from myself and everyone
I leave the light on,
Better leave the light on.

Cause I wanna love And I wanna live I don't know much about it And I never did, I don't know what to do, can the damage be undone I swore to God that I'd never be what I've become

Lucky stars and fairy tales I'm gonna bathe myself in a wishin' well Pretty scars from cigarettes I...never will forget, I...never will forget

I'm still afraid to be alone wish that moon would follow me home I leave the light on, I leave that light on I ain't that bad I'm just messed up I ain't that sad but I'm sad enough

Cause I wanna love And I wanna live I don't know much about it And I never did, I don't know what to do, can the damage be undone I swore to God that I'd never be what I've become

na na na na na na na na... I leave that light, I leave that light, I leave that light on

God bless the child with the dirty face, who cuts her luck with a dirty ace She leaves the light on, I leave that light on
