

Better Off, 9/11

We dried our eyes like nothing was wrong.
They tried to bring us down, but we didn't fall,
We held our ground, through it all.
Here we stand, undivided
We stand united, stronger than before.
We know that we will survive,
It's the innocent lives that we're fighting for.
Here we stand, undivided
We stand united, stronger than before.
We know that we will survive,
It's the innocent lives that we're fighting for.
...It's the innocent lives that we're fighting for.
