

Betty Curse, Don't Get Involved

I walk on my own, Head down on the way home.

Gangs trying to get me, they showed it on TV.

I hide in my room, its something to do.

Dont bust me out of my territory.

Dont get involved.

Dont get involved.

Im sat on a fence; Im sat on the sharp ends.

Start handing me razors; Ill help out the painters,

I dont want to die, but its spatter the flys.

Dont try to crack me out of my shell

Dont get involved.

Dont get involved.

I feel dissolved

Lets stay unsolved

Where oh where? Where do I belong?

Where oh where? Where did I go wrong?

Im walk on my own, Head down on the way home

Gangs trying to get me, they want me on TV.

Just get on the bus, and dont make a fuss

Dont try to strip me out my life

Dont get involved.

Dont get involved, dont get involved.

I feel dissolved, Lets stay unsolved.

Where oh where? Where do I belong?

Where oh where? Where did I go wrong?

Where of where? Where do I belong?

Where oh where? where did I go wrong?
