

Between The Trees, Move

Stretch your line and cover up, to sit at home
With every passing mile, melodies become
More than a song in my head
I paint a picture of the story of my life told
And taking chances, see the colour scheme unfold
This is ours
And we're taking chances
We're moving and we're not waiting for
This to move
So we're gonna move
All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now (still moving on)
All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now
Time is precious, we can't stop now
If you're burning by the bruises then
You're never gonna make it out
And if you're hurting, well reality shows
And broken branches are a reason to say no
This is ours
And we're taking chances
We're moving and we're not waiting for
This to move
So we're gonna move
All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now (still moving on)
All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now
'Cause these roads were made for moving
So we're moving
We're moving
All I know is we're gonna make it out
All I know is nothing can stop us now
All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now (still moving on)
All I know is nothing can stop us now (still moving on)
All I know is nothing can stop us now (still moving on)
