## Between The Trees, One Last Time (Darlin' II)

All that i know

Is you change something in me

I envy

The power

You have

My hearts stirring

So just kiss me

One last time

Before you go

If i let you leave

Promise you'll return to me

**Darling** 

Keep my distance

You say

While holding my hand

I love it when your this close to me

Because you speak

So intently

As you say

Come kiss me

One last time

Before you go

If i let you leave

Promise you'll return to me

One lat time

Before you go

If i let you leave

Promise you'll return to me

(yeah)

Darling

(Ohhh)

One last time

Before you go

If i let you leave

Promise you'll return to me

One last time before you go

If i let you leave

Promise you'll return to me

Darling
