

Beverley Craven, Move On

You've got to stop blaming
The people who love you
And take us for who we are
Cos nobody's perfect
We all make mistakes
And no-one can change the past
She feels as if nothing she does is enough
For your love
Did you notice she was fighting back the tears
Cos she still feels guilty after all these years

You've got to to move on
Got to move on
Give a little bit back
After all she's done
You've got to move on
Got to move on
Got to get over it
Got to give a little bit back

You echo your role model
When you get angry
And stir up the memories
If that were your son
When he reaches your age
Imagine the way you'd feel

Forgive me for saying I'm right
And you're wrong
In a song
You could end up repeating your history
Cos with all that baggage you cannot break free

You've got to to move on
Got to move on
Give a little bit back
After all she's done
You've got to move on
Got to move on
Got to get over it
Got to give a little bit back

You've got to move on
Got to move on
Give a little bit back
After all she's done
You've got to move on
Got to move on
Got to get over it
Got to give a little bit back

Yeah
Yeah
Give a little bit
Give a little bit
Give a little bit back
