Bridge:

Baby all I want  
Is to let it go  
Aint no worries no  
We can dance all night  
Get me bodied  
That means come closer to me  
While we grind to the beat  
And your body touchin me  
All I need  
Is to let it be  
Aint no worries no  
Boy dance with me  
Feel my body  
Dont stop just come closer to me  
While we grind to the beat  
And your body touchin my body  
All I'm with tonight is gettin bodied  
Aint no shame cuz I gotta get mine  
I swing my hair and kick off my shoes  
Come here boy, let me work on you  
(Hook)  
(Chorus)
