

# Beyoncé, Still in love (kissing you)

I'm so in love  
I'm still in love  
I never been in love quite before  
untill I saw your face  
and whatching stars  
without you my soul cries  
my heaping heart is full of pain  
when we're apart  
the aching  
[chorus]  
I'm kissing you, oooh  
I'm kissing you, oooh  
you're my father, you're my soldier,  
you protect me, boy you save me, you're my best friend, you're my husband  
my doctor, counselor, provider ,professor,  
my everything  
I love I love I love you I love you, yes I love you  
I need need I need you I need you  
I can't live with out you  
I trust you I trust you with  
just teach me boy teach me  
just take me  
When we make love I can feel all your spirit deep in side me , yeah  
baby you are so pure  
[chorus]  
I am kissing you, forever and ever and ever  
I love kissing you kissing you, kissing you  
my love, everything about you baby  
Spend so many years since we fell in love  
you've got some special baby  
we can cry together  
we can grow together  
be ourselves together  
and I love you, more then music  
Yes I love you, more then music  
I rather be kissing you, oooh  
I kissing you, oooh  
I love kissing you
