

# BG5 (The BeachGirl5), Scratch

Take a little moment to real live  
all your tension  
Lose yourself to somebody else  
Your mind's a creator and your  
body is the extension  
give me that and I'll give it back  
If I scratch your back  
you need to scratch mine  
you need to get yours  
I need to get mine  
If I scratch your back  
you need to scratch mine  
you need to get yours  
I need to get mine  
So scratch....scratch....scratch....scratch..  
Before we stars  
to the play this game  
let's get the rules out the way  
Its you!  
Its you!  
that take me wanna move  
Before I make the trip to dance  
I need to get my passport stamped  
Its you!  
Its you!  
that take me wanna move  
If I scratch your back  
you need to scratch mine  
you need to get yours  
I need to get mine  
If I scratch your back  
you need to scratch mine  
you need to get yours  
I need to get mine  
So scratch....scratch....scratch....scratch..  
we say the move to the right,  
all right!  
all right!  
we say to the move to the left  
say  
hell yes!  
hell yes!  
we say the move to move to  
move to the right  
all right!  
Now stand there looking fresh  
all my ladies over dressed  
hype it up so you can dance,  
you can dance!  
hype it up so you can dance,  
you can dance!  
hype it up so you can dance,  
you can dance!  
just scratch....scratch....scratch....scratch..  
If I scratch your back  
you need to scratch mine  
you need to get yours  
I need to get mine  
If I scratch your back  
you need to scratch mine  
you need to get yours  
I need to get mine  
So scratch....scratch....scratch....scratch..
