

# Bic Runga, Without You

Walk around the bathroom  
Fill the sink  
Wander round the kitchen  
Make a drink  
To occupy my time's my only wish  
I've rearranged the magnets, on my fridge

Without you now, without you now  
Without you now, without you now

Just can't make decisions  
Think what to do  
Turn on my television  
And think of you  
Splash my face with water  
Brush my teeth  
Your toothbrush gone from where it ought to be

Without you now, without you now  
Without you now, without you now

Do do do do
